This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

RATES OF POSTAGE.

On a letter not exceeding *one half ounce in weight*, sent any distance not exceeding *three hundred miles, five cents.*

On a letter not exceeding *one half ounce in weight* sent any distance *exceeding three hundred miles, ten cents.*

On letters, for every additional weight of *one half ounce*, or of any *fractional* excess of less than *one-half* ounce, there shall be charged additional postage at the rate of *five cents* for any distance not exceeding *three hundred miles;* and *ten cents* for any distance exceeding *three hundred miles.*

On letters dropped in the Post Office for delivery from the *same office*, *two cents.*

On letters *advertised* as remaining on hand there shall be an additional charge of *two cents*, besides the postage, (the price of advertising,) and if advertised in two papers, *four cents.*

(*Postmasters are not permitted to advertise in more than one paper, unless authorized by the Postmaster General.*)

On a printed circular, handbill, or advertisement unsealed, sent any distance, *two cents.*

On any pamphlet, or other matter "of every kind" that is transmittable by mail," and has no written communication thereon, of *one ounce or less*, or for a newspaper exceeding 1,900 square inches of surface, *two and one third cents*, and for each additional *ounce* or fractional excess, over *one half ounce, one cent.*

On any other newspaper sent over *thirty*, and not more than *one hundred miles*, or any distance within the same State, *one cent*, and over such distance, *one and a half cent.*

The distances to be computed in all cases by the mail route over which the matter is transmitted.

WHAT MAY GO FREE IN THE MAILS.

All letters and packets to and from (when the same are duly franked) the following persons, to wit:

The President of the United States,
The Ex-Presidents of the United States,
The Widows of the former Presidents, Madison and Harrison.

The following persons may transmit free of Postage any *Documents* printed by order of either House of Congress, during their official term. They may send, or receive, free of postage, any letter, newspaper, or packet, not exceeding two ounces in weight, during the session of Congress, and for *thirty days* prior to the commencement, and *thirty days* after the termination of each session, to wit:

The Vice President of the United States,
The Members of Congress,
The Delegates from Territories,
The Secretary of the Senate,
The Clerk of the House of Representatives.

The following persons may *frank written letters from themselves* during the whole year, and from *sixty days* before the commencement of the session of one Congress, to the meeting of the next Congress, to wit:

The Vice President of the United States,
The Members of Congress,
The Delegates from Territories.

The same persons may receive letters not exceeding two ounces in weight during the recess of Congress; which is construed to mean the *recesses between sessions of the same Congress.*

The Secretary of the Senate and Clerk of the House of Representatives have the right to send written letters from themselves during their official terms.

The Governors of States may send, free of postage, all laws and reports, whether bound or unbound, and all records and documents of their respective States, which may be directed by the Legislature of the several States to be transmitted to the Executive of other States, the Governor writing his name thereon, with the designation of his office, and the kind of books or documents enclosed, the package to be addressed to the Governor of the State to which it is sent.

The three Assistant Postmasters General, and Deputy Postmasters throughout the United States, are authorized to send, free of postage, any letters, packages, or other matters, *relating exclusively to their official duties* or the business of the Post Office Department, to be duly franked as on "official business" by the Assistants, and "Post Office business" by the Deputies.

The publishers of newspapers may forward all exchanges without reference to distance, and to all subscribers of their respective *newspapers*, not exceeding a distance of thirty miles (by mail route) free of postage.
